POOT

to enter, send at least 1,000 \$KIWI to the marketing kiwicat marketing wallet using the sns id [kiwimarketing.sol](https://www.kiwimarketing.sol) or the contract address below.

for every 1,000 \$KIWI that you send to the wallet, you will you receive one entry. OK to send all \$KIWI at once. At the end of the week 10 winners will be randomly selected. We are using the POOT tool for fairness. 100% of the entry \$KIWI will be awarded. The top 10 winners will received 10% of the pool each. No fees or withholds. This is just for fun kiwicat community things. like a raffle at a summer picnic. a nice kiwicat picnic with your kiwicat frens.

Send your \$KIWI to [kiwimarketing.sol](https://www.kiwimarketing.sol) or to the following contract address:
5FSNta3U54BQfaDH9YN844SMfLtepRV3ktVwydfPhZ78

how to buy \$KIWI

step 1:

create a new wallet

follow the instructions here:

<https://phantom.app/learn/guides/how-to-create-a-new-wallet>

all the \$KIWI were distributed at the beginning.
there are no devs. kiwicat is community supported.
these instructions = decentralized exchange.

step 2:

buy some \$SOL, which you will then use to swap for \$KIWI.

follow the instructions here:

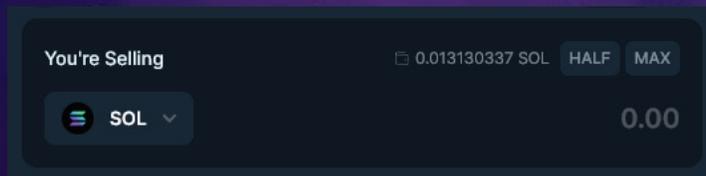

<https://phantom.app/learn/guides/how-to-buy-ethereum-eth-polygon-matic-and-solana-sol>

step 3:

swap your \$SOL for \$KIWI

go to <https://jup.ag/>

under "you're selling", select SOL

under "you're buying", click on the pull down menu, and at the top you'll see this:

copy and paste the \$KIWI contract address into the search field.

here is the \$KIWI contract address:

BvDvC1JCbwVp2LuXyfxnFK2y7BpVCVEyd8AuDhDBHorf

enter the amount of \$SOL you'd like to swap for \$KIWI, and click Swap

your wallet will open, click 'confirm' to complete the transaction

* you may see a message that \$KIWI is unverified. this is because \$KIWI isn't large enough to be verified. when you use the contract address specified above, you are buying \$KIWI. The \$KIWI memecoin, kiwicat nfts, and kiwicat plushies are all part of the fun kiwicat collectible ecosystem. there is no expectation of return or profit. also, be careful of scammers asking you to connect your wallet to help you. they will drain your funds. be safe.
